

Management Consulting | Process Improvement | Decision Support & Strategic Planning | Data Analysis & Modeling | Resource Management & Analysis

We identify potential problems and provide alternatives before they become issues

Company Summary: Analytical Planning Programming Policy & Strategic Integration, LLC (AP3SI) provides commercial and government clients with expertise, trusted advisors, and support services in a number of disciplines and competencies including **management consulting/ facilitation; process improvement and Lean Six Sigma; decision support and strategic planning; data science, analytics, modeling, and wargaming, and, financial / resource management and analysis.** Our approach offers the benefit of evaluation of effectiveness and efficiency, applying best practices and standardization, managing/ reducing risk, providing analysis of alternatives, or integrating resources and policy to reduce the probability of unintended consequences, resource inefficiencies & strategy gaps.

Core Capabilities: AP3SI capabilities are a function of our highly qualified, credentialed, and experienced personnel. We invest in our employees to continually sustain and improve their skills. Their experience supporting senior level decision makers, key stakeholders, and overall analytical staff bring Subject Matter Expertise, tools, and best practices for exceptional results.

Major Services Offered:

- **Management Consulting / Facilitation:** AP3SI provides certified Project Management Professionals and Senior Facilitators to provide trusted advisor capability. We focus on holistic / integrated solutions to reduce risk, enhance efficiency and effectiveness, and optimize resources.
- **Process Improvement & Lean Six-Sigma:** AP3SI supports improved business operations and organizational process efficiency by providing seasoned expertise in process improvement and certified LSS employees to incorporate best practices, organic solutions, and stakeholder buy-in to ensure process improvement, LSS, BPR and overall change flourishes and grows in your organization.

AP3SI Capabilities Sheet

- **Decision Support & Strategic Planning:** AP3SI supports our clients by providing former decision makers to coach, mentor, and support your organization's leadership with trusted advisors with know-how and experience. We provide simple but effective tools, techniques and processes to support decisions, reduce risk and plan effectively.
- **Data Science, Analytics, Modeling & Wargames:** AP3SI's analysts provide leaders and staff with "what-if" scenarios/ outcomes and information for practical data-decision making based upon superior data analysis. We provide effective analysis and evidence for deriving alternatives in a low-risk environment to support the best analytical alternative.
- **Financial / Resource Management & Analysis:** AP3SI's initial core capability area has deep / rich history in federal resource management processes – particularly the Planning, Programing, Budgeting, & Execution (PPBE) process. Our SMEs maintain highly desired certifications and are National award winners for Resource Management and Analysis.
